

Appendix A – Nine Commentaries

“What is this oozing behemoth, this fibrous tumor, this monster of power and expense hatched from the simple human desire for civic order? How did an allegedly free people spawn a vast, rampant cuttlefish of dominion with its tentacles in every orifice of the body politic?” (P. O’Rourke).

Since there are so many Mao fans in the White House, I recommend that you browse the Table of Contents of the following book in order to see one of the possibilities for the future of this country.

There are some good videos combined with a partial reading from the book at this web site:

There are many topics in this book that parallel what I have seen taking place in our country, especially in the Democratic party, but also strains of the same virus in the Republican party. Here’s a short comparison between communist principles and how the Obama administration plans to operate the socialist takeover of our healthcare system:

Communist Principles	Obamacare in Action
Evil must cheat to pretend to be righteous	Tyranny of the minority
Putting on the evil form of Marxism	Government health care takeover
Unleashing the scum of society	Acorn and other union hoodlums
Inciting struggle among the masses	Steal from the workers, give to parasites
Plundering by tricks or violence	Raid one Ponzi scheme to pay for another
Control the entire party	Intimidate moderate Democrats
Infiltrate, sow dissent, disintegrate, replace	Use lobbyists to curtail free enterprise
Betraying the country to seize power	Ignore the will of the people to scrap bill
Steadfast pursuit of evil as a secret weapon	The Progressive assault is just beginning
Party is a sophisticated professional gang	Corruption and criminality is rampant
Exploit the media, block information flow	Propaganda without transparency
Imposing fines without due process	Penalties on citizens without insurance
Use national resources to persecute	IRS thugs as pirates for the state

Although the focus of this book is on the eradication of Taoism and Confucianism from Chinese culture and history, I see parallels with the gradual destruction of our Judeo-Christian heritage in America. We have not reached the extremes cited in this horror story, but Satan has definitely set the wheels in motion.

“Marxism has always opposed freedom ... Marx and Engels stated ‘after achieving power, we’ll be considered monsters, but we couldn’t care less ...’ I have been in the dragon’s belly, in its red-hot innards. It was unable to digest me and threw me up. I have come to you as a witness to what it is like there, in the dragon’s belly” (Solzhenitzyn).
